

Time:

October 25th, 2018 4:00 pm to 8:30 pm

Address:

Smart Factory Kunshan, 329 Jujin Road, ZhangPu Town, Kunshan, Jiangsu

Dear All,

A little more than 1 year ago, Freudenberg IT China (FIT) opened a new office in Kunshan. The 1st anniversary of our Kunshan office is around the corner, and we would like to invite you to celebrate with us on October 25th 2018.

During this event, we will present best practices to simplify your IT in China. Additionally, we will have some experience sharing from existing customers and would like to share some thoughts about the hot topic cyber security law in China and its influence on companies.

Agenda

4:00 - 4:30 pm	Registration	All
4:30 - 5:00 pm	Welcome speech	Reto Bless, Regional CEO of FIT Bernd Reitmeier, GM SUF Kunshan
5:00 - 5:30 pm	Guest sharing	Juergen Heise, GM LEHVOSS Kunshan

Speakers:

Bernd Reitmeier: General Manager startup FACTORY Kunshan

Startup Factory is a business incubator for small and mid-sized European enterprises that are looking for assembly or production facilities, a repair workshop or a job shop in China to extend their business activities.

Juergen Heise: Head of Asia Pacific LEHVOSS Group

Mr. Heise has been working in Greater China Since 1994. In 1994-2013, he worked in Hoechst/Clariant as Head of Greater China Masterbatch BU. In 2014, he became the Head of Asia Pacific LEHVOSS Group and took charge of LEHVOSS Shanghai and Kunshan (Lehmann & Voss). During his career life, he has handled five investment projects in Shanghai, Beijing, Guangzhou, and Kunshan including infrastructure projects.

Jan-Michael Hähnel: Legal Consultant, Burkhardt & Partner Shanghai

Mr. Hähnel has been working and living in China for five years. His area of expertise includes company law, international trade law as well as e-commerce and IT law. Mr. Hähnel supports predominantly European small and medium sized enterprises advising them on cross border business, company and legal IT structures.

Reto Bless: Regional CEO of Freudenberg IT Asia

Reto Bless is Freudenberg IT Asia's Regional CEO. He started his career at Swiss Railways, where he eventually became Head of IT Operations. In 2001, Reto started working for T-Systems, a part of the Deutsche Telekom group. There he set up a global standardized service desk that encompassed 23 countries. In 2013, he left T-Systems as Vice President of International Service Desk and moved to Shanghai to become Regional CEO of FIT Asia, a global provider of IT solutions, simplified.
